## VOLUNTEER TESTIMONIAL

### **Dr. Mehran Eskandari Torbaghan**

Lecturer in Infrastructure Asset Management in the  
Department of Civil Engineering at the University of  
Birmingham

### **Testimonial**

Volunteering with the Institute of Asset Management (IAM) is a rewarding opportunity that allows me to contribute meaningfully to the asset management community while growing both personally and professionally. As a branch committee member, I have had the privilege of hosting and organising West Midlands events, which has strengthened my leadership and coordination skills.

# CELEBRATING OUR VOLUNTEERS

30 posts for 30 days in June

These events create valuable networking opportunities, enabling me to connect with like-minded professionals and build lasting relationships. Through my involvement, I stay informed about the latest developments and emerging trends in the field. It is also a platform for collaboration—sharing knowledge, learning from others' experiences, and helping shape the future of asset management.
