## VOLUNTEER TESTIMONIAL

**Eric Pradeep**

Assistant Vice-President at WSP

### Testimonial

Volunteering with the IAM has been an enriching experience for me as I had the opportunity to contribute to the Subject Specific Guidelines (SSGs) for both Resilience and Integrated Reliability, two areas that align with my interests. What I valued most was the exposure to new perspectives and the chance to engage with peers from around the world who bring deep expertise and thoughtful challenge to the table.

These interactions have helped me benchmark my own knowledge, identify areas for growth, and expand my understanding of what's possible in asset management. The learning and sense of contribution were energizing, and I'm grateful to be part of something that both builds the profession and shapes best practices globally.

It has been a rewarding experience to contribute to the development of the SSGs for Resilience and Integrated Reliability, and I'm honored to be part of such a dedicated and inspiring community.
