VOLUNTEER TESTIMONIAL

Raad Nassar

Director within PwC's Asset Lifecycle Management and Valuation Consulting Services Practice

Testimonial

It was a pleasure and honour to volunteer with global Asset Management professionals to support The Institute of Asset Management in reviewing the GFMAM Asset Management Landscape and contribute to its mission to develop the asset management profession worldwide. It was a great experience where I learned from deeply knowledgeable and experienced team members and strived to contribute to the development of the landscape from a practical Asset Lifecycle Management perspective, leveraging my regional experience with top-notch organisations in the public and private sectors. This was truly rewarding and enriching and added big value to me on the personal and professional levels.
